

CURRICULUM VITAE
Russell H. Samson, M.D., R.V.T., F.A.C.S.

NAME: Russell Howard Samson

OFFICE: Sarasota Vascular Specialists
600 North Cattlemen Road, Suite 220
Sarasota, Florida 34232
Telephone: (941) 371-6565
Facsimile: (941) 377-7731
eMail: rsamson@veinsandarteries.com

RESEARCH OFFICE: 1540 South Tamiami Trail, 3rd Floor
Sarasota, FL 34239

DATE OF BIRTH: March 15, 1950

PLACE OF BIRTH: Johannesburg, South Africa

CITIZENSHIP: U.S.A.

MARITAL STATUS: Married with two children
Wife: Susan

MEDICAL SCHOOL: University of the Witwatersrand,
Johannesburg, South Africa, 1967-1972

INTERNSHIP: Surgery: Professor D.J. du Plessis's
Professorial Unit, July 1973 to
December 1973, Johannesburg General Hospital

Medicine: Professor Zwi's Unit, January 1973 to
June 1973, Johannesburg General Hospital

LOCUM TENENS: London - January to June 1974

RESIDENCY: Albert Einstein College of Medicine
Bronx, New York 1974-1979 - Surgery

CHIEF RESIDENCY: Albert Einstein College of Medicine,
Bronx, New York 1978-1979 - Surgery

MILITARY SERVICE: Not applicable

FELLOWSHIP: Clinical Fellow in Vascular Surgery: 1979-1980
Montefiore Medical Center, Bronx, N.Y.

Albert Einstein College of Medicine,
Bronx, New York

LICENSES: Registered Vascular Technician, 1997

Florida, #0049137, August 4, 1986

New York State, #130115, February 25, 1977

South African Medical & Dental Council,
#153561856, December 19, 1973

Educational Council for Foreign Medical
Graduates, #1852896, July 26, 1972

**BOARD
CERTIFICATION:**

Diplomate of the American Academy of Wound Management,
Certified Wound Specialist, April 2002

Certificate of Special Competency in Vascular Surgery, issued by
the American Board of Surgery, #314, November 18, 1983;
Recertified January 1994; Recertified October 2003

Diplomate of the American Board of Surgery,
#26124, 8-24-80; Recertified October 21, 1988.

AWARDS & HONORS: Castle Connolly America's Top Doctors
Sarasota Magazine June 2009 Issue

Moderator, The Practice of Vascular Surgery in the Community,
Society for Vascular Surgery Annual Meeting, June 11-14,
2009, Denver, Colorado,

Moderator, Venous Session, 16th National Noninvasive
Diagnosis of Vascular Disease Symposium, St. Louis, Missouri,
February 26-28, 2009

Young Investigator's Award Judging, Society for Vascular
Ultrasound's 28th Annual Conference, June 17, 2005

Distinguished Fellow of the Society for Vascular Surgery,
June 9, 2003

President – Florida Vascular Society, 2001-2002

Co-Chairman Lower Extremity Ischemia I – 24th World Congress of the ISCVS, September 23, 1999 – Melbourne, Australia

Physician's Recognition Award – American Medical Association- *Physicians dedicated to the health of America* -June 1, 1999 – June 1, 2002

President, Mote Vascular Foundation, 1998 –

Co-Chairman Carotid Artery Surgery Section - 23rd World Congress of the ISCVS, September 22, 1997 – London, England

Secretary/Treasurer - Florida Vascular Society, 1997-2000

Founding Member - Florida Vascular Society, 1988

Guest Speaker, 76th Congress on Medical Education, Chicago, 1977

Delegate to the Resident Section of the AMA, 1975-1977

Representative to the Educational Council for Foreign Medical Graduates (ECFMG), joint appointment by the AMA & PNHA, 1975-1977

Vice-President for Foreign Medical Graduates, Physicians National Housestaff Association (PNHA), 1975-1977

Delegate - Committee of Interns & Residents, 1974-1976

Cottrell Memorial Prize for academic excellence and contribution to student affairs, 1972

Vice-President for Africa, International Federation of Medical Student Associations, 1971

President - Association of Medical Students of South Africa, 1970-1971

Treasurer - Students Medical Council, 1969

**EDITORIAL
POSITIONS:**

Editorial Board – Vascular Specialist

Editorial Board – Vascular News

Editorial Board – Optimal Aging Report

Editorial Board – Vascular

Assistant Editor – Vascular Surgery, 6th Edition,
Edited by Robert B. Rutherford – W.B. Saunders Company,
Publishers, 2005. Section 7 Nonoperative Management of
Patients with Vascular Diseases, pp 579-639

Editorial Board – Vascular & Endovascular Surgery, 2002-

Editorial Board, Dermatologic Surgery, 1996 to present

Editorial Board, Vascular Laboratory Review, 1984

Consultant Editor “Journal of International Physicians”, 1977

Reviewer – Acta Neurologica Scandinavia, 2009

Reviewer – Journal of Vascular Surgery, 2000 –

**HOSPITAL & TEACHING
APPOINTMENTS:**

ACTIVE

Clinical Associate Professor
Department of Clinical Sciences (Vascular Surgery)
Florida State University, 2007 -

Staff Member
Doctors Hospital of Sarasota
Sarasota, Florida
September 1986 to present

Staff Member
Sarasota Memorial Hospital
Sarasota, Florida
September 1986 to present

PAST

Chief of Surgery Section

Sarasota Memorial Hospital
November 1994 to November 1995

Associate Professor of Surgery
Albert Einstein College of Medicine
June 1986 to September 1986

Vascular Surgeon-in-Charge
Bronx Municipal Hospital Center
August 1982 to September 1986

Clinical Instructor in Surgery
Albert Einstein College of Medicine
July 1980 to November 1980

Assistant Professor of Surgery
Albert Einstein College of Medicine
November 1980 to June 1986

Attending Surgeon
Bronx Municipal Hospital Center
1980 to September 1986

Director - Vascular Laboratories
Montefiore Medical Center-
Albert Einstein College of Medicine
1980 to September 1986

Attending Surgeon
Montefiore Medical Center
1980 to September 1986

Attending Surgeon
Hospital of the Albert Einstein
College of Medicine
1980 to September 1986

Attending Surgeon
North Central Bronx Hospital
1980 to September 1986

**HOSPITAL,
UNIVERSITY &
SOCIETY
COMMITTEES:**

Clinical Practice Council for Society for Vascular Surgery - 2009

Florida Vascular Foundation Board - 2008

Chairperson, Community Practice Advisory Committee for Society
for Vascular Surgery - 2008

Director, Non-Invasive Lab
Sarasota Memorial Hospital, 2002 -

Chairman, Outcome Committee, American
Association for Vascular Surgery

Executive Member
Heart & Vascular Center of Florida, Sarasota, 2000 to June 2001

Medical Executive
Sarasota Memorial Hospital, 1998 to present

Chairman, Surgical Evaluation Committee
Sarasota Memorial Hospital, 1995 - 1997

Surgical Suite Committee
Sarasota Memorial Hospital, 1995 – 1996
Medical Director
Wound Care Center at Doctor's Hospital of Sarasota,
1994 – 2002

Medical Advisory Board
Heartland Wound Care Center, 1994 - 1998

Board of Directors
Temple Beth Shalom, 1994 - 1996

Chairman, Department of Surgery
Sarasota Memorial Hospital, 1994 - 1995

Chairman, Surgical Privileges Committee
Sarasota Memorial Hospital, 1994 - 1995

Surgical Suite Committee
Sarasota Memorial Hospital, 1993-Present

Medical Executive Committee
Sarasota Memorial Hospital, 1993-1994, 1998-

Board of Trustees

Doctors Hospital, 1989

Surgical Audit Committee
Doctors Hospital, 1988

Surgical Quality Assurance Committee
Sarasota Memorial Hospital, 1988

Credentials Committee,
Doctors Hospital, 1988

Blood Usage Committee
Sarasota Memorial Hospital, 1987

Member, Patent Committee, Albert Einstein College of Medicine,
1984 to September 1986

Senator
Albert Einstein College of Medicine,
1983 to September 1986

**PROFESSIONAL
SOCIETIES:**

Founding Member – International Society for Vascular Surgery,
2004

American Venous Forum, February 2001

President, The Florida Vascular Society, 2001-2002

Member Society for Vascular Surgery, 1999

Secretary-Treasurer, The Florida Vascular Society, 1997 to 2000

European Society for Vascular Surgery, 1996

North American Society of Phlebology, 1995

Charter Member - International Society for Endovascular Surgery,
1993

Southern Association for Vascular Surgery, 1989 to present

Founding Member-Florida Vascular Society, 1988

Society for Clinical Vascular Surgery, 1987 to present
International Society for Cardiovascular Surgery, 1985 to present
American Association for Vascular Surgery, 1985 to present
Fellow of the American College of Surgeons, 1983 to present
New York Regional Vascular Society, 1983 to 1988
New York Surgical Society, 1983 to 1988
Vascular Society of New Jersey, 1982 to 1988
Society of Non-Invasive Vascular Technology, 1981 to present
Association for Academic Surgery, 1981 to present
New York Society for Cardiovascular Surgery, 1981 to 1988

**CONSULTANT
APPOINTMENTS:**

Consultant – Johnson and Johnson, 2006 to present
Consultant – Medtronic Advisory Board, 2006 to present
Consultant - Advisory Working Group on Comprehensive Stroke Centers, 2005 to present
Consultant – Angiodynamics, 2004 to present
Consultant – Medical Advisory Board – Boston Scientific, 2004 to present
Consultant – Jobst, 1988 to present
Consultant - Ultrasonics, 1985 - 1986
Consultant - Multigon Industries, 1985 – 1986
The Society for South African Surgeons and Gynecologists of North American, Secretary, 1980 to present

RESEARCH GRANTS: Jobst Foundation: Investigation of venous pathophysiology.
Reed Lignin: Investigation of blood coagulation.

WORK HISTORY: 1986 to present: Vascular Surgeon, Sarasota Florida
1980-1986: Vascular Surgeon, Bronx New York

NATIONAL PRESENTATIONS

1. Subintimal Angioplasty of Chronic Total Occlusion in Iliac Arteries: A Safe and Durable Option, Southern Association for Vascular Surgery, January 20-23, 2010, Bahamas, Discussant
2. Ideal Medical Management of Carotid Disease in 2010, Southern Association for Vascular Surgery, January 20-23, 2010, Bahamas, Invited Speaker
3. Building a Successful Vascular Practice: Overview, The Mote Vascular Foundation Inc. Symposium, Program Director and Organizer, October 9-10, 2009
4. Managing Your Clinical Data; Setting Up a Registry, The Mote Vascular Foundation Inc. Symposium, Program Director and Organizer, October 9-10, 2009
5. The Practice of Vascular Surgery in the Community, Society for Vascular Surgery Annual Meeting, June 11-14, 2009, Denver, Colorado, Moderator
6. Are Outpatient Procedures the Next Best Option?, Society for Vascular Surgery Annual Meeting, June 11-14, 2009, Denver, Colorado, Invited Speaker

7. Three of the Most Important Papers not Published in the Journal of Vascular Surgery for 2009, Society for Vascular Surgery Annual Meeting, June 11-14, 2009, Denver, Colorado, Invited Speaker
8. Marketing your Vascular Practice, Society for Vascular Surgery Annual Meeting, June 11-14, 2009, Denver, Colorado, Invited Speaker
9. Antiplatelet Therapy for Secondary Risk Reduction, Society for Vascular Surgery Annual Meeting, June 11-14, 2009, Denver, Colorado, Invited Speaker
10. Routine Carotid Endarterectomy Without a Shunt Even in the Presence of a Contralateral Occlusion: a Review of 2027 Procedures, Society for Vascular Surgery Annual Meeting, June 11-14, 2009, Denver, Colorado
11. Evolving Patterns of Vascular Lab Testing in the Hospital and Private Lab Settings, 2009 Society for Vascular Ultrasound Conference, June 11-13, 2009, Denver Colorado, Kerri Ricci, RVT, Russell H. Samson, M.D., Invited Speaker
12. Wounds Associated with Venous and Lymphatic Insufficiency – Wound/Skin-Specific and Disease Management, Florida Vascular Society 22nd Annual Scientific Session, April 23-26, 2009, Orlando, FL, Invited Speaker
13. Evolving Patterns of Vascular Lab Testing in the Hospital and Private Lab Settings, Florida Vascular Society 22nd Annual Scientific Session, April 23-26, 2009, Orlando, FL, Invited Speaker
14. Building a Successful Practice, 2009 Gore Fellows Meeting, Society for Clinical Vascular Surgery 37th Annual Meeting, March 18-21, 2009, Ft. Lauderdale, FL, Invited Speaker
15. Duplex Access Planning and Surveillance, Society for Clinical Vascular Surgery Issues in Dialysis Access SIG 2009, March 18-21, 2009, Ft. Lauderdale, FL, Invited Speaker
16. How Has the Vascular Lab Evolved Over the Last Decade? 16th National Noninvasive Diagnosis of Vascular Disease Symposium, February 26-28, 2009, St. Louis, Missouri, Invited Speaker
17. Understanding the Pathophysiology of compression garments - How and Why They Work, 16th National Noninvasive Diagnosis of Vascular Disease Symposium, February 26-28, 2009, St. Louis, Missouri, Invited Speaker
18. Becoming a Freestanding Vascular Hospital: Lessons learned, Trends and Pitfalls, Southern Association for Vascular Surgery 33rd Annual Meeting, January 14-17, 2009, Tucson, Arizona, Invited Speaker

19. Long-term Safety of Renal Vein Division and Ligation to Expedite Complex Abdominal Aortic Surgery, Southern Association for Vascular Surgery 33rd Annual Meeting, January 14-17, 2009, Tucson, Arizona, Invited Speaker
20. Cryoplasty Works For Limb Salvage In Patients With Critical Ischemia: The Case Against, VEITHsymposium 2008, New York, New York, November 19-23, 2008, Faculty/Invited Speaker
21. Evolving Patterns Of Vascular Lab Testing In The Hospital And Private Lab Settings, AVIDsymposium 2008, New York, New York, November 21-22, 2008, Faculty/Invited Speaker
22. Safety Of Performing CEA Without Shunts: Experience In 2,000 Patients And What Are The Requirements To Do This Safely?, VEITHsymposium 2008, New York, New York, November 19-23, 2008, Faculty/Invited Speaker
23. Schanzer A, Mega J, Meadows J, Samson RH, Bandyk DF, Conte MS, Risk Stratification in Critical Limb Ischemia (CLI): Derivation and Validation of a Simplified Model to Predict Amputation-Free Survival (AFS) Using Multi-Center Surgical Outcomes Data; Abstract presented at Society for Vascular Surgery, San Diego, California, June 4-8, 2008
24. Setting up an Imaging Center: Adding CT, MR, and an Outpatient Angiography Suite to Surgeon-Run Vascular Laboratories, Society for Vascular Surgery, San Diego, California, June 4-8, 2008. Invited Speaker
25. Moderator Alex Chao Scientific Award Session, Society for Vascular Ultrasound, San Diego, California, June 4-7, 2008. Invited Moderator
26. Venous Coding and Economics of a Venous Practice Talk, Florida Vascular Society, Ponte Vedra, Florida, May 1-4, 2008, Invited Speaker
27. Restenosis Following Cryoplasty of the Superficial Femoral and Popliteal Arteries and Saphenous Vein Grafts: A 36-Month Kaplan Meier Analysis of a Single Center Experience, Southern Association for Vascular Surgery, Naples, Florida, January 16-19, 2008, Invited Speaker
28. The Evolving Role of Physiologic Testing in Today's Vascular Lab, 18th Advances in Vascular Imaging and Diagnosis, New York, New York, November 16-17, 2007, Faculty/Invited Speaker
29. Vascular Lab 2008: How to Utilize the Vascular Laboratory and Survive in a Hostile Environment, 18th Advances in Vascular Imaging and Diagnosis, New York, New York, November 16-17, 2007, Faculty/Invited Speaker

30. What Vascular Surgeons Need To Know About Best Medical Treatment in 2007?, 34th Veith Symposium, New York, New York, November 14-18, 2007. Faculty/Invited Speaker
31. What's Cool About Cryoplasty: 2-1/2 Year Results Based on An Analysis of Treated Lesions, 34th Veith Symposium, New York, New York, November 14-18, 2007. Faculty/Invited Speaker
32. Vascular Lab in 2007: Surviving in a New Environment, Society for Vascular Surgery 30th Annual Meeting, Baltimore, Maryland, June 7-9, 2007, Invited Speaker
33. Infrainguinal and Iliac Interventions, "Open v. Endovascular - Interventional When, Where, How?", Florida Chapter American College of Surgeons 54th Annual Scientific Meeting, Palm Beach, Florida, May 24-27, 2007, Invited Speaker
34. Moderator - Minimally Invasive Advances in Vascular Surgery - The Endovascular Explosion, Florida Chapter American College of Surgeons 54th Annual Scientific Meeting, Palm Beach, Florida, May 24-27, 2007, Invited Moderator
35. Can Percutaneous Arterial Interventions Be Performed in the Office?, Fifth International Vein Congress: In-Office Techniques, Miami, Florida, May 18, 2007, Invited Speaker
36. AneuRx® Migration When Guidelines for Insertion are Strictly Followed, 20th Annual Meeting of the Florida Vascular Society, St. Petersburg, Florida, May 3-6, 2007, Invited Speaker
37. Scientific Session III and IV Moderator, 20th Annual Meeting of the Florida Vascular Society, St. Petersburg, Florida, May 3-6, 2007, Invited Moderator
38. Upper Extremity Arterial Testing – Indications and Interpretation, 20th Annual Meeting of the Florida Vascular Society, St. Petersburg, Florida, May 3-6, 2007, Invited Speaker
39. Vascular Laboratory in 2007, Southern Association for Vascular Surgery, Puerto Rico, January 17-20, 2007. Invited Speaker
40. Phlebectomy, 33rd Veith Symposium, New York, New York, November 15-19, 2006. Faculty/Invited Speaker
41. Integrating the Vascular Lab into Your Outpatient Clinical Practice: Enhancing the Patient Care Experience, 33rd Veith Symposium, New York, New York, November 15-19, 2006. Faculty/Invited Speaker

42. Apo A-1 Milano Analogues, Torcetrapib, D-4F and Other HDL Raising Drugs: How Do They Work? 33rd Veith Symposium, New York, New York, November 15-19, 2006. Faculty/Invited Speaker
43. Balancing the Arterial and Venous Practice: How I Do It: How Much Can Be Done Safely in the Office?, 33rd Veith Symposium, New York, New York, November 15-19, 2006. Faculty/Invited Speaker
44. Working in a Multi-Specialty Practice, Society for Clinical Vascular Surgery, Las Vegas, Nevada, March 10, 2006. Faculty/Invited Speaker
45. What Cardiologists Can Learn from a Vascular Surgeon: The Value of Data, 3rd Annual Cardiovascular KnowledgeCenter Consortium Meeting, St. Augustine, Florida, March 1-2, 2005. Invited Speaker
46. New Developments in Lipid and Medical Management of Vascular Patients: What Every Vascular Surgeon Should Know, 32nd Veith Symposium, New York, New York, November 17-20, 2005. Invited Speaker
47. An International Experience Using The 980nm Laser: 7,000 Cases, 32nd Veith Symposium, New York, New York, November 17-20, 2005. Invited Speaker
48. Conte MS, Bandyk DF, Clowes AW, Moneta GL, Seely L, Hamdan AD, Roddy SP, Belkin M, Berceli SA, DeMasi RJ, Samson RH, Berman SS. Molecular Therapy for Vein Grafts: Results of the PREVENT III Randomized Trial of Edifoligide for the Prevention of Vein Graft Failure in Limb Salvage Patients, Society for Vascular Surgery's 2005 Vascular Annual Meeting, Chicago, Illinois, June 18, 2005.
49. Merigliano, K., Samson, RH. Intraluminal Prosthetic Graft Thrombus: A New Sign of Impending Graft Failure Especially in 8mm Grafts, Society for Vascular Surgery's 2005 Vascular Annual Meeting, Chicago, Illinois, June 16, 2005. Invited Speaker
50. Role of the Vascular Lab in Radiofrequency and Laser Closure Procedures, Society for Vascular Ultrasound's 28th Annual Conference & Exhibition, Chicago, Illinois, June 18, 2005. Invited Speaker
51. Pathophysiology of Venous Hemodynamics, Society for Vascular Ultrasound's 28th Annual Conference & Exhibition, Chicago, Illinois, June 18, 2005. Invited Speaker
52. Endovascular and Surgical Alternatives for SFA and Popliteal Disease, Boston Scientific's Regional Symposium, Baton Rouge, Louisiana, May 26, 2005. Invited Speaker

53. Endovenous Saphenous Ablation for Treatment of Varicose Veins – Is It Better and Does It Avoid Surgery?, 33rd Annual Spring Meeting of the American College of Surgeons, Hollywood, Florida, April 18, 2005. Invited Speaker
54. Compression Alone Will Close Ulcers, But Will It Prevent Recurrences?, Third International Vein Congress: In-Office Techniques, Miami, Florida, April 14-16, 2005. Invited Speaker
55. Why Do Compression Hoses Work?, Third International Vein Congress: In-Office Techniques, Miami, Florida, April 14-16, 2005. Invited Speaker
56. Sclerotherapy is the Gold Standard, Cutaneous Laser Has a Limited Role, Third International Vein Congress: In-Office Techniques, Miami, Florida, April 14-16, 2005. Invited Speaker
57. Vascular Laboratory Assessment of Upper Extremity Arterial Disorders – Common, Uncommon, & Rare, Florida Vascular Society 18th Annual Scientific Sessions, Orlando, Florida, April 7-10, 2005. Invited Speaker
58. The Morbidity in our Midst: A Mandate for Aggressive Medical Management of PAD, Florida Vascular Society Nursing Forum, Orlando, Florida, April 7, 2005. Invited Speaker
59. Review of Venous Hemodynamics, 14th National Symposium Noninvasive Diagnosis of Vascular Disease, St. John's Mercy Medical Center, St. Louis, Missouri, March 4, 2005. Invited Speaker
60. Noninvasive Evaluation of Upper Extremity Arterial Syndromes, 14th National Symposium Noninvasive Diagnosis of Vascular Disease, St. John's Mercy Medical Center, St. Louis, Missouri, March 4, 2005. Invited Speaker
61. Updates on Antihypertensives and Lipid Lowering Agents, 29th Annual Meeting Southern Association for Vascular Surgery, Marco Island, Florida. January 19-22, 2005. Invited Speaker
62. Unusual Diseases of the Arteries: What Should I Know About Them? Vascular Disease Symposium, Jacksonville, Florida. December 4, 2004. Invited Speaker
63. Advances in the Pharmacologic Treatment of Arteriosclerosis: What Does the Future Hold? 31st Global Veith Symposium, New York, New York. November 18-21, 2004. Invited Speaker
64. Management of Untreated Hypertension in the Vascular Patient – What the Vascular Surgeon Needs to Do About It, 31st Global Veith Symposium, New York, New York. November 18-21, 2004. Invited Speaker

65. Customized Venous Exams for Patients Undergoing Saphenous Vein Ablation Therapy: What the Surgeon Must Know, 15th Symposium, Advances in Vascular Imaging and Diagnosis, New York, New York. November 19-20, 2004. Invited Speaker
66. Venous Hemodynamics: Effects of Pressure Changes, Incompetence and Obstruction in the Upper and Lower Extremities. 15th Symposium, Advances in Vascular Imaging and Diagnosis, New York, New York. November 19-20, 2004. Invited Speaker
67. Cryo-Balloon Angioplasty. South Florida Society for Vascular Surgery, Key Largo, Florida, October 29-31, 2004. Invited Speaker
68. Pathophysiology of Compression Stockings. International Vein Congress: In-Office Techniques, Key Biscayne, Florida, April 30 – May 1, 2004. Invited Speaker
69. Sclerotherapy Techniques for Spider Veins and Reticular Veins: Cutaneous Laser has a Limited Role. International Vein Congress: In-Office Techniques, Key Biscayne, Florida, April 30 – May 1, 2004. Invited Speaker
70. 17th Annual Meeting of the Florida Vascular Society and Endovascular Symposium, Sarasota, Florida, April 22-25, 2004. Invited Speaker
71. Advanced Endovascular Training course, Houston, Texas, April 1-2, 2004
72. Ideal Protocols for the Vascular Laboratory: What's Missing and What's Unnecessary? 32nd Annual Symposium on Vascular Surgery. Sponsored by the Society for Clinical Vascular Surgery, Rancho Mirage, CA, March 10-14, 2004. Invited Speaker
73. AAA Endovascular Graft Training Course, Orlando, Florida, January 8, 2004
74. Duplex Ultrasound Before, During and After Varicose Vein Treatment, 30th Annual Vascular and Endovascular Issues, Techniques and Horizons, Sponsored by Albert Einstein College of Medicine, New York, NY, November 20-23, 2003. Invited Speaker
75. Integrating the Vascular Laboratory to Expand and Enhance Your Practice, 14th Annual Advances in Vascular Imaging and Diagnosis, Sponsored by Albert Einstein College of Medicine, New York, NY, November 21-22, 2003. Invited Speaker
76. Proven Methods to Expand a Vascular Surgery Practice (Integrating Noninvasive Vascular Testing), Florida Vascular Society & Suncoast Society of Vascular Technology 2003 Scientific Session, Bonita Springs, Florida, May 4, 2003. Invited Speaker
77. Duplex Ultrasound Before, During and After Varicose Vein Treatment, Florida Vascular Society & Suncoast Society of Vascular Technology 2003 Scientific Session, Bonita Springs, Florida, May 1, 2003. Invited Speaker

78. New Interventions for the Treatment of Varicose Veins, 31st Annual Symposium on Vascular Surgery, Society for Clinical Vascular Surgery, Miami Florida, March 7, 2003.
79. Duplex Surveillance for PTFE Grafts – Is It Relevant?, 13th National Symposium - Noninvasive Diagnosis of Vascular Disease, Sponsored by Blood Flow Laboratory and Division of Vascular Surgery, St. Louis, Missouri, March 5, 2003. Invited Speaker
80. Complementary Roles of Physiologic Testing and Direct Imaging Studies, 13th National Symposium - Noninvasive Diagnosis of Vascular Disease, Sponsored by Blood Flow Laboratory and Division of Vascular Surgery, St. Louis, Missouri, March 5, 2003. Invited Speaker
81. Interventional Management of Varicose Veins, 27th Annual Meeting, The Southern Association for Vascular Surgery 27th, Loews Ventana Canyon Resort, Tucson, Arizona, January 15-18, 2003. Invited Speaker
82. The Vascular Lab Medical Director: Who is Best Suited and Why? Sponsored by Albert Einstein College of Medicine. Sheraton New York Hotel and Towers, New York City, November 23, 2002. Moderator
83. Evolving Concepts in Duplex Surveillance of Femoropopliteal Prosthetic Bypass Grafts. 13 Annual Advances in Vascular Diagnostics. Sponsored by Albert Einstein College of Medicine. Sheraton New York Hotel and Towers, New York City, November 22, 2002. Invited Speaker
84. Homocysteine May Be a Risk Factor for the Development of Carotid Artery Restenosis Following Carotid Endarterectomy. 15th Florida Vascular Society Annual Meeting. The Breakers, Palm Beach, Florida, May 2-5, 2002. Presenter
85. What's New That The Vascular Surgeon Should Know About Lipid Metabolism? 28th Global Vascular Endovascular Issues Techniques Horizons. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 18, 2001. Invited Speaker
86. The Complimentary Roles of Physiologic Testing and Direct Imaging Studies: How to Make It Work. 28th Global Vascular Endovascular Issues Techniques Horizons. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 16, 2001. Invited Speaker
87. Strategies for Managing The "Duplex Scan" Diagnosis of ICA. 28th Global Vascular Endovascular Issues Techniques Horizons. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 16, 2001. Invited Speaker
88. Rationale For, How To Do It Efficiently and Benefits Accrued: One Center's Experience. 28th Global Vascular Endovascular Issues Techniques Horizons. Sponsored by

Montefiore Medical Center. Marriott Marquis, New York City, November 16, 2001.
Invited Speaker

89. The Place of Sclerotherapy in the Treatment of Varicose Veins and Telangiectasis. 14th Annual Florida Vascular Society Meeting. Sponsored by the Mayo Foundation, Orlando, Florida, April 19 – 22, 2001. Invited Speaker
90. Carotid Endarterectomy Without A Shunt in the Presence of an Occluded Contralateral Artery: Short and Long-Term Results. 14th Annual Florida Vascular Society Meeting. Sponsored by the Mayo Foundation, Orlando, Florida, April 19 – 22, 2001. Invited Speaker
91. Screening for Carotid Stenosis – Justification based on Risk Factor Analysis. 14th Annual Florida Vascular Society Meeting. Sponsored by the Mayo Foundation, Orlando, Florida, April 19 – 22, 2001. Invited Speaker
92. AV Access Symposium – Vascular Access for Hemodialysis, 29th Annual Symposium on Vascular Surgery. Sponsored by Society for Clinical Vascular Surgery, Boca Raton, Florida, April 4 – 7, 2001. Invited Speaker
93. Improvement in Walking Ability, Ankle Pressure Indices & Quality of Life in Vascular Claudication Using Intermittent Pneumatic Foot & Calf Compression: A Prospective Randomized Trial with 1 Year Follow-up. 29th Annual Symposium on Vascular Surgery. Sponsored by Society for Clinical Vascular Surgery, Boca Raton, Florida, April 4 – 7, 2001. Discussant
94. The Place of Sclerotherapy in Treatment of Varicose Veins and Telangiectasis. 29th Annual Symposium on Vascular Surgery. Sponsored by Society for Clinical Vascular Surgery, Boca Raton, Florida, April 4 – 7, 2001. Invited Speaker
95. Management of Carotid Occlusion Diagnoses by Duplex Ultrasound. 12th National Noninvasive Diagnosis of Vascular Disease Symposium. Sponsored by St. John's Mercy Medical Center, St. Louis, Missouri, March 8, 2001. Invited Speaker
96. Carotid Screening Programs: Are They Worthwhile? 12th National Noninvasive Diagnosis of Vascular Disease Symposium. Sponsored by St. John's Mercy Medical Center, St. Louis, Missouri, March 7, 2001. Invited Speaker
97. The Physiologic Approach in Evaluating Lower Extremity Peripheral Vascular Disease. 12th National Noninvasive Diagnosis of Vascular Disease Symposium. Sponsored by St. John's Mercy Medical Center, St. Louis, Missouri, March 7, 2001. Invited Speaker
98. How to Heparinize Selectively for Open AAA Repair: Techniques, Precautions, and Advantages. 27th Global Vascular Endovascular Issues Techniques Horizons.

Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 19, 2000. Invited Speaker

99. Utilizing Your Computer Registry for Research and Quality Improvement/ Assurance. 11th Symposium and Workshop on Management & Clinical Issues. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 18, 2000. Invited Speaker
100. Screening for Carotid Stenosis: Justification Based on Risk Factor Analysis. 11th Symposium and Workshop on Management & Clinical Issues. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 17, 2000. Invited Speaker
101. Wound Care in the New Millennium, Sponsored by Regranex Speakers' Bureau Program, Donaldsonville & New Orleans, Louisiana, June 22 & 23, 2000, Invited Speaker
102. The results of the Florida Vascular Society's Study of *Carotid Endarterectomy*, Amelia Island, Florida, April 8, 2000, 13th Annual Florida Vascular Society Meeting, Amelia Island, April 6 – 9, 2000
103. Selective non-heparinization decreases blood loss, or time and need for transfusions in elective aortic aneurysm surgery: a new standard against which endografts should be compared, Amelia Island, Florida, 13th Annual Florida Vascular Society Meeting, Amelia Island, April 6 – 9, 2000
104. A Comparison of Polidocanol Sclerotherapy and Photoderm® Light Ablation for the Eradication of Spider Telangiectasia-American Venous Forum, Phoenix, Arizona, February 5, 2000
105. The Natural History of the Contralateral Carotid Artery after Ipsilateral Carotid Endarterectomy-Southern Association For Vascular Surgery, Discussant, Tucson, Arizona, January 20, 2000
106. Spontaneous Regression of Hemodynamically Significant Early Recurrent Carotid Stenosis (HERS): When Is Invasive Treatment Required – Twenty-Sixth Annual Symposium on Critical Problems, New Horizons and Techniques in Vascular and Endovascular Surgery – Sponsored by Montefiore Medical Center, The Waldorf-Astoria – New York City, November 21, 1999. Invited Speaker
107. The Impact of a Vascular Laboratory Registry on Clinical Practice and Laboratory Productivity: A Surgeon's Perspective –The Tenth Anniversary Symposium – Advances in Vascular Diagnosis and Vascular Laboratory Management– Sponsored by Montefiore Medical Center & Albert Einstein College of Medicine, The Waldorf-Astoria – New York City, November 19, 1999. Invited Speaker

108. Use of stockings for Obstetrics and Gynecological patients – St. John’s Hospital, Atlanta, Georgia, June 9, 1999. Invited Speaker
109. Femoropopliteal bypass is not a generic procedure - Florida Vascular Society 12th Annual Meeting – Loews Hotel, Miami Beach, Florida, May 22, 1999
110. Risk factor analysis increases efficacy of duplex screening programs for carotid plaque - Florida Vascular Society 12th Annual Meeting – Loews Hotel, Miami Beach, Florida, May 21, 1999
111. Data entry and report generation using a computerized vascular laboratory registry – Florida Vascular Society 12th Annual Meeting – Loews Hotel, Miami Beach, Florida, May 20, 1999, Invited Speaker
112. Developing a computerized vascular registry; Beyond the hardware and software is a system – Noninvasive Diagnosis of Vascular Disease – Hyatt Regency Hotel, St. Louis, Missouri, March 25, 1999, Invited Speaker
113. String sign vs. total occlusion; How do we manage in the vascular lab? – Noninvasive Diagnosis of Vascular Disease – Hyatt Regency Hotel, St. Louis, Missouri, March 24, 1999, Invited Speaker
114. Proper interpretation of carotid, venous, and peripheral arterial studies – Noninvasive Diagnosis of Vascular Disease – Hyatt Regency Hotel, St. Louis, Missouri, March 23, 1999. Invited Speaker
115. Samson, R.H., Showalter, D.P.: Hemodynamically significant early recurrent carotid stenosis: an often self-reversing condition - Southern Association for Vascular Surgery, Naples, Florida, January, 28, 1999
116. Patient data management; a necessity for current clinical practice. How I do it. Progress in Angioscopy 1998: Minimally Invasive and Endovascular Surgery - Ritz-Carlton Hotel, Boston, Massachusetts, December 7, 1998. Invited Speaker
117. Computers in the Vascular Lab. 9th Symposium on Non-Invasive Vascular Lab Diagnosis – The Waldorf-Astoria, New York City, New York, November 20, 1998. Invited Speaker
118. Injection Therapy versus Laser Therapy for Spider Telangiectasia: Techniques and Indications for Both Methods. 25th Symposium on critical problems in vascular surgery - The Waldorf-Astoria, New York City, New York, November 20, 1998. Invited Speaker
93. The use of a Computerized Database for Angioaccess Surgery. 2nd Hemoaccess Symposium - The Waldorf-Astoria, New York City, New York, November 19, 1998 Invited Speaker

94. Jobst ulcer care in the management of venous disease, Curative Health Services, Orlando, Florida, October 4, 1998. Invited Speaker
95. Computers in the Vascular Laboratory. The Value of a Database – The Non- Invasive Vascular Laboratory: Principles and Practices, Hanover Marriott, Whippany, New Jersey, September 26, 1998. Invited Speaker
96. Carotid endarterectomy without arteriography – a safe approach associated with long-term stroke prevention. Poster session ISCVS/SVS Annual meeting, San Diego, California, June 7-10, 1998
97. The use of Computers in Hemodialysis. The Second Northeastern Conference on vascular Access for hemodialysis, Grand Hyatt Hotel, New York, New York May 16 1998. Invited Speaker
98. Medical and Compressive Therapy for Chronic Venous Ulcerations and Its Complications – Wound Management: Current Techniques and Hyperbaric Medicine – Biltmore Hotel, Coral Gables, FL, April 25, 1998. Invited Speaker
99. Is Thigh Saphenectomy a Necessary Adjunct to High Ligation and Stab Avulsion Phlebectomy – Society for Clinical Vascular Surgery – San Diego, CA, April 4, 1998
100. Medical and Compressive Therapy for Chronic Venous Disease and its Complications Dermatology Grand Rounds - University of Florida Division of Dermatology and Cutaneous Surgery - January 29, 1998, Gainesville, FL. Invited Speaker
101. Rational Use of Compression in the treatment of Venous disease and Lymphedema - Art and Science of Wound Management Symposium - December 5, 1997, Orlando, FL. Invited Speaker
102. Can CEA Be Routinely Performed Without A Shunt Even In The Presence Of A Contralateral ICA Occlusion - 24th Annual Symposium on Current Critical Problems, New Horizons, and Techniques in Vascular and Endovascular Surgery, November 23, 1997, New York, NY. Invited Speaker
103. Carotid Endarterectomy Without a Shunt Even in the Presence of a Contralateral Occlusion - Society for Vascular Surgery, Boston, Mass, June 1, 1997 – Poster
104. Medical Treatment of Chronic Venous Disease and Complications - Seventh Annual Vascular Conference – Pittsburgh, PA. April 16, 1997. Invited Speaker

105. Routine Carotid Endarterectomy Without a Shunt Even in the Presence of a Contralateral Occlusion - Florida Vascular Society Meeting, St Petersburg, FL, April 11, 1997
106. Establishing & Maintaining a Vascular Laboratory Patient Data Registry -Florida Vascular Society Meeting, St Petersburg FL, April 10, 1997. Invited Speaker
107. Computerization for the Vascular Laboratory. Tenth Symposium for the Noninvasive Diagnosis of Vascular Disease, St John's Mercy Medical Center, St Louis, MO, March 14, 1997. Invited Speaker
108. Duplex Diagnosis of Carotid String Sign. Tenth Symposium for the Noninvasive Diagnosis of Vascular Disease, St John's Mercy Medical Center, St Louis MO, March 12, 1997. Invited Speaker
109. Selected Topics Hemo Dialysis at the Twenty Third Annual Symposium on Current Critical Problems, New Horizons and Techniques in Vascular and Endovascular Surgery, New York City, NY, November 1996. Invited Speaker
110. Stockings and the Prevention of Recurrent Venous Ulcers. The Art & Science of Wound Management Meeting, Tucson, AZ, November 1996
111. Standards of Treatment of Venous Disease - New York Medical Group - New York, NY, November 1996
112. Vascular Surgery in the Age of the Computer, 9th Annual Meeting, Florida Vascular Society, April 12-14, 1996.
113. Micro-Surgical Technique vs. Standard Vein Stripping vs. Injection Therapy. 17th Annual Meeting of the American Association for Medical Transcription, Orlando, Florida, July 27-30, 1995. Invited Speaker
114. Carotid Endarterectomy Without a Shunt. St. Anthony's Hospital, St. Petersburg, Florida, July 19, 1995. Invited Speaker
115. Compression Stockings & Non-Continuous Use of Polyurethane Foam Dressings for the Treatment of Venous Ulceration - Long Term Results. Eighth Annual Congress of North American Society of Phlebology. Fort Lauderdale, Florida. February 25-28, 1995.
116. Compression Stockings & Polyurethane Foam Dressings for Treatment of Venous Ulceration. Advances in Wound Healing and Wound Management. Wailea, Maui, Hawaii. February 23, 1994.
117. Samson R.H., Showalter D.P.; Routine Carotid Endarterectomy Without a Shunt Even in the Presence of a Contralateral Occlusion, XXI World Congress of the International Society for Cardiovascular Surgery. Lisbon, Portugal. September 12-15, 1993

118. Samson R.H., Showalter D.P.: Routine Carotid Endarterectomy Without A Shunt Even In The Presence Of A Contralateral Occlusion, Florida Vascular Society 1993 Annual Meeting. Amelia Island, Florida. April 29 - May 2, 1993
119. Compression Stockings and Non-Continuous Use of Polyurethane Foam Dressings for the Treatment of Venous Ulceration - A Pilot Study, North American Society of Phlebology. Lake Buena Vista, Florida. February 24, 1993.
120. South Florida Noninvasive Vascular Society, - Vascular Lab Reimbursement. Ft. Lauderdale, Florida, June 20, 1992. Invited Speaker
121. Dancing With Your CPT'S: Third Party Problems, Seventh National Noninvasive Diagnosis of Vascular Disease Symposium, St. Louis, April 1991 Invited Speaker
122. American Venous Forum, Ft. Lauderdale, February 1991 Invited Speaker
123. Presentation, Gortex Vascular Symposium, Tampa, Florida, November 1989
124. A new classification and management of extracavitary prosthetic arterial graft infection. Montefiore Medical Center - Eleventh Annual Symposium on Critical Problems in Vascular Surgery, Grand Hyatt, New York, November 1984.
125. Venographic comparison of venous volume plethysmography and doppler ultrasound in the diagnosis of deep venous thrombo-phlebitis (DVT). The New York Society for Cardiovascular Surgery, Scientific Program, New York, October 1984.
126. Lecturer - Vascular Surgery, Annual Albert Einstein College of Medicine Surgical Board Review Course, New York, NY, October 1, 1984.
127. Vascular Surgery Annual Albert Einstein College of Medicine Surgical Board Review Course, New York, NY, September 21, 1984. Invited Speaker
128. Grand Rounds, The Brookdale Hospital Medical Center, Brooklyn, New York, September 20, 1984. Invited Speaker
129. Database for Personal Bibliography. Microcomputers in Surgical Practice - A Hands-On Experience. Waldorf-Astoria Hotel, New York City, September 14-16, 1984. Invited Speaker
130. Diagnosis of DVT Using The Life Sciences PVR - New Diagnostic Criteria. Society for Noninvasive Technology Annual Meeting, Atlanta, Georgia, June 1984.
131. Venous Valvular Incompetence: Primary, Secondary and Stasis Ulceration, St. Joseph's Hospital and Medical Center Symposium, New Jersey, May 1984. Invited Speaker

132. Impotence - Noninvasive Screening Algorithm. St. Joseph's Hospital and Medical Center Symposium, New Jersey, May 1984. Invited Speaker
133. Noninvasive hemodynamic evaluation of vascular disease. Spring Conference of the American Academy of Medical Preventics in New Orleans, May 1984. Invited Speaker
134. Ischemic complications of proximal forearm arterial venous fistulas and grafts. New Jersey Vascular Society Annual Meeting, NJ, March 1984.
135. Does the noninvasive vascular laboratory help in the surgeon in arterial extremity disease? Montefiore Medical Center - Tenth Annual Symposium on Current Critical Problems in Vascular Surgery, New York, N.Y., November 1983.
136. Lecturer - Vascular Surgery, Annual Albert Einstein College of Medicine Surgical Board Review Course, New York, NY, November 1983.
137. Use of the computer in vascular surgery, exhibit. American College of Surgeons, 69th Annual meeting, Atlanta, Georgia, 1983.
138. Plethysmographic evaluation of the venous component of human erection. Presented at Surgical Forum, American College of Surgeons, 69th Annual Clinical Congress, Atlanta, Georgia, October 1983
139. Noninvasive evaluation of peripheral vascular disease - New office and hospital techniques. Guest Lecturer, Vascular Disease Symposium sponsored by Methodist Hospital and Research Foundation, Park Nicollet Medical Center, Minneapolis, Minnesota, September 30 - October 1, 1983. Invited Speaker
140. Photoplethysmographic evaluation of external compressive therapy for chronic venous ulceration. Society for Noninvasive Technology, June 1983
141. Improved technique for diagnosis of vasculogenic impotence. Society for Noninvasive Technology. San Francisco, California, June 1983.
142. Evaluation of graft patency utilizing ankle brachial pressure index and ankle pulse volume recording amplitude. Society for Noninvasive Technology, San Francisco, California, June 1983.
143. Panelist - Lower extremity studies. Annual Meeting of the Combined New York Regional and New York Cardiovascular Society, New York, N.Y., May 1983.
144. Percutaneous transluminal angioplasty: hemodynamic evaluation and management of complications. First International Congress - Transluminal Angioplasty, Toulouse, France, January 1983.

145. Management of angioplasty complications, unsuccessful procedures and early and late failures. Ninth Annual Symposium on Current Critical Problems in Vascular Surgery, New York, N.Y., November 1982.
146. Perioperative noninvasive hemodynamic ankle indices as predictors of infrainguinal graft patency. San Diego Symposium on Noninvasive Diagnostic Techniques in Vascular Disease, San Diego, CA., October 1982.
147. Percutaneous transluminal angioplasty (PTA): Inadequacy of noninvasive hemodynamic evaluation and management of PTA failures. San Diego Symposium on Noninvasive Diagnostic Techniques in Vascular Disease, San Diego, California, October 1982.
148. Lecturer - Vascular Surgery Annual Albert Einstein College of Medicine Surgical Board Review Course, New York, N.Y., September 1982.
149. Discussant - Hemodynamic evaluation of angioplasty. Thirteenth Annual Meeting of the North American chapter of the International Society of Cardiovascular Surgery, Boston, Massachusetts, June 1982
150. Evaluation of graft patency using a transcutaneous PO₂ sensor. Association of Academic Surgeons, Chicago 1981.
151. Treatment of limb-threatening ischemia despite a palpable popliteal pulse. Association of Academic Surgeons, Chicago, November 1981.
152. Hemodynamics and evaluation of percutaneous transluminal angioplasty. Society for Noninvasive Technology, Dallas, Texas, June 1981.

LOCAL PRESENTATIONS

1. Can Medication Prevent Vascular Disease? If So, Which Ones? Boca Grande Community Center, February 15, 2010
2. Aortic Aneurysms: A Time Bomb in Your Tummy? 600 North Cattlemen Road, Sarasota, Florida, January 16, 2010
3. Abdominal Aortic Aneurysm (AAA) and Thoracic Aortic Aneurysms (TAA): Natural History, Diagnosis and Treatment Options, Medtronic AAA CME Dinner Presentation, Palmetto, Florida, July 22, 2009

4. Abdominal Aortic Aneurysm: Natural History, Diagnosis and Treatment Options, Medtronic AAA CME Dinner Presentation, Sarasota, Florida, July 17,2008
5. P.A.D.: Medication, Stents or Surgery? Sunnyside Assisted Living Facility, Sarasota, Florida, June 17, 2008
6. P.A.D.: Medication, Stents or Surgery? Glenridge on Palmer Ranch Assisted Living Facility, Sarasota, Florida, June 10, 2008
7. P.A.D.: Medication, Stents or Surgery? 600 North Cattlemen Road, Sarasota, Florida, April 26, 2008
8. Abdominal and Thoracic Aortic Aneurysms – New Paradigms in Treatment. Senior Friendship Center, Sarasota, Florida, April 4, 2008
9. Aortic Aneurysm: A Time Bomb in your Tummy?, 600 North Cattlemen Road, Sarasota, Florida, January 26, 2008
10. Abdominal Aortic Aneurysm: Natural History, Diagnosis and treatment Options, Sarasota, Florida, January 23,2008
11. AV Fistula: The Best Choice for Hemodialysis Access. The Florida ESRD Network, Sarasota, Florida, March 25, 2007
12. What's New With Lipid Management, Statins and Drugs to Raise HDL. Senior Friendship Center, Sarasota, Florida, January 12, 2007
13. Perioperative Management of Patients Undergoing Carotid Endarterectomy and Stents, Abdominal Aneurysm Surgery Including Endografts, and Peripheral Bypass Surgery and Endovascular Therapies. Sarasota Memorial Hospital Floor Nurses, September 19, 2006
14. Be Vein, Speaking of Women's Health Symposium, Sarasota, Florida, May 13, 2006
15. Screening for Vascular Disorders, Florida Vascular Society Vascular Disease Symposium, Amelia Island, Florida, December 10, 2005
16. Unusual Disease of the Arteries, Florida Vascular Society Vascular Disease Symposium, Amelia Island, Florida, December 10, 2005
17. Role of Cryoplasty in the Treatment of Superficial Femoral Artery Disease, Morton's of Chicago, Boca Raton, Florida, November 30, 2005
18. Peripheral Arterial and Venous Disease in Women, Sarasota Memorial Hospital, Sarasota, Florida, November 12, 2005

19. Primary Prevention of CVD in Women, Sarasota Memorial Hospital, Sarasota, Florida, November 12, 2005
20. Stroke Prevention: Surgery, Stents or Medication, Sarasota Memorial Hospital, Sarasota, Florida, May 25, 2005
21. Stroke Prevention: Surgery, Stents or Medication, Heart & Vascular Institute, Sarasota, Florida, March 26, 2005
22. Pain in the Legs: Vascular Disease or Overwork?, Heart & Vascular Institute, Sarasota, Florida, December 14, 2004
23. PAD – An Overview, Florida Academy of Physician Assistants' Third West Central Region Quarterly Meeting, Radisson Lido Beach Resort, Sarasota, FL, October 2, 2004
24. CryoPlasty Procedure – A Single Center Experience, Boston Scientific, Tio Pepe Restaurant, Clearwater, Florida, August 18, 2004
25. Diabetes and Your Vascular System, Sarasota Memorial Health Care System, February 24, 2003
26. Arterial Disease, Boston Scientific, Mediterraneo's, Sarasota, Florida, February 18, 2003
27. Management of Abdominal Aortic Aneurysm Patients in the Postoperative Period, Sarasota Memorial Health Care System, Sarasota, Florida, February 10, 2003
28. Risk Factor Modification for Patients with Peripheral Vascular Disease, Senior Friendship Centers, Sarasota, Florida, December 13, 2002
29. An Overview of Use of Stents, Stent Grafts and Endovascular Aneurysm Surgery for Arterial Diseases, Health Care Symposium 2002, Sarasota Memorial Health Care System, Sarasota, Florida, November 13, 2002
30. An Overview of Use of Stents, Stent Grafts and Endovascular Aneurysm Surgery for Arterial Diseases, Health Care Symposium 2002, Sarasota Memorial Health Care System, Sarasota, Florida, July 19, 2002
31. Physiologic Approach in Evaluating Lower Extremity PVD, Suncoast Society of Vascular Technology 4th Regional Educational Conference, Sarasota, Florida, October 20, 2001
32. PVD Screening – Justification Based on Risk Factor Analysis, Suncoast Society of Vascular Technology 4th Regional Educational Conference, Sarasota, Florida, October 20, 2001

33. New Methods of Treatment of Abdominal Aortic Aneurysms, Senior Friendship Centers, Sarasota, Florida, May 18, 2001
34. ASAP (Varicose Vein Treatment), Heart & Vascular Center of Florida, Sarasota, Florida, April 13, 2001
35. Abdominal Aortic Aneurysms, Heart and Vascular Center of Florida, Sarasota, Florida, February 16, 2001
36. Advances in Wound Healing, Regranex, St. Petersburg, Florida, December 5, 2000.
37. Advances in Wound Healing, Wound Care Center, Sarasota, Florida, October 10, 2000.
38. Wound Care in the New Millennium, Bradenton, Florida, June 19, 2000.
39. Wound Care in the New Millennium, Doctors Hospital, Sarasota, Florida, May 31, 2000.
40. Wound Care in the New Millennium, Venice, Florida, May 18, 2000.
41. Diabetes & The Vascular System, Sarasota Memorial Hospital – Diabetes Treatment Services, Sarasota, Florida, March 27, 2000.
42. Wound Healing – Manasota Podiatry Association, Longboat Key, Florida, March 14, 2000.
43. Taking Healing Into the Next Century (THINC) Ortho-McNeil - “Integrating Innovative Approaches To Treatment of Chronic Non-Healing Ulcers With Regranex Gel” – Invited Speaker, Medical Directors, Directors of Nursing, Assistant DON’s and ET Nurses for Manatee County Long Term Care Facilities; Anna Maria Island, Florida, December 2, 1999.
44. Varicose Veins, Spider Veins & Treatments -- Speaker, Board of Nursing, Advanced Medical Seminars, Inc., Sarasota, FL, November 9, 1999.
45. Chronic Venous Disease - Complications of Diabetes, Wounds and Peripheral Vascular Disease Symposia – Bradenton, FL, November 17, 1997.
46. Non-Surgical Management of Chronic Venous Disorders and Their Complications - Innovations in Senior Care Symposia - Sarasota, FL, September 26, 1997.
47. Non-invasive Diagnosis of Carotid String Sign, Suncoast Society of Vascular Technology, Hyatt Regency, Sarasota FL, May 17, 1997.
48. Computers in the Vascular Lab, Suncoast Society of Vascular Technology, Hyatt Regency, Sarasota, FL, May 17, 1997.

49. What's New in Circulation Treatment & Disorders, Senior Friends Medical Center, Sarasota FL, February 1997.
50. Diabetes and the Vascular System. Sarasota Memorial Hospital Diabetes Center, Sarasota, Memorial Hospital, October 7, 1996.
51. Speaker - State of the Arts Management of Wounds. Symposia '96 - innovations in Senior Care, Selby Botanical Gardens, Sarasota, FL, September 27, 1996.
52. New Advances in Treatment of Varicose Veins and Venus Insufficiency. Grand Rounds, Sarasota Memorial Hospital, Sarasota, Florida, August 30, 1996.
53. Presentation on Wound Care, Manatee Memorial Hospital, Bradenton, Florida, July 30, 1996.
54. Carotid Endarterectomy without a Shunt. Senior Friendship Center, Sarasota, Florida, March 15, 1996.
55. Types of Venous Disease/Treatment. Sarasota Memorial Hospital Vascular Symposium, Sarasota, Florida, January 13, 1996.
56. Color Ultrasound Evaluation of the Male Urogenital System. Suncoast Society of Vascular Technology. Sarasota, Florida, April 12, 1994.
57. Venous Disease. Sarasota Memorial Hospital Wound Care Symposium. Sarasota, Florida, January 8, 1994.
58. Update on Vein Disorders, Sarasota Memorial Hospital, 1993.
59. Trends in Surgical Nursing. Topics for the 90's. Sarasota Memorial Hospital, February 1992.
60. The Latest Trends in Vascular Surgery. What's New in Vascular Surgery. Med-Surg. Workshop. Sarasota Memorial Hospital, November 1991.
61. Lecturer - Vascular Surgery Seminar, HCA Doctors Hospital, Sarasota, Florida, August 1989.

PATENTS

Lignosulfonate Based Pharmacologic Agent with Anti-coagulant and Anti-thrombotic Activity.
 Inventors: Russell H. Samson, M.D. and John W. Hollis, Jr., M.D.
 Patent #4,988,799.

MEDICAL PRODUCTS

- UlcerCare® Jobst
- Atrium Registry® - Computer Software
- Atrium VasLab® - Computer Software
- Atrium Everpoint® - Computer Software
- FAST FICS® - Scanlon Industries

RESEARCH

- KOWA: A Phase IIA Multicenter, Randomized, Double-blind, Placebo-and Active-controlled, Parallel-Group Study to Evaluate the Safety and Efficacy of K-134 for the Treatment of Intermittent Claudication. 2009

- Angiotech: A Randomized, single blind trial to assess the effectiveness of maintaining patency and safety of the Vascular Wrap™ Paclitaxel-Eluting Mesh after surgical implantation with the Lifespan® ePTFE vascular graft in the upper extremity for hemodialysis vascular access. 2008
- Endurant Stent Graft System US Clinical Study; Prospective, single-arm, nonrandomized, multicenter clinical study to demonstrate that the Endurant Stent Graft System is safe and effective for the endovascular treatment of infrarenal abdominal aortic or aortoiliac aneurysms. 2008 - ongoing
- Clinical Trial RE-COVER: A phase III, randomized, double blind, parallel-group study of the efficacy and safety of oral dabigatran etexilate (150 mg bid) compared to warfarin (INR 2.0-3.0) for 6 month treatment of acute symptomatic venous thromboembolism, following initial treatment (5-10 days) with a parenteral anticoagulant approved for this indication. 2007-2008
- Clinical Trial RE-MEDY: A Phase III randomized, multicenter, double-blind, parallel group, active controlled study to evaluate the efficacy and safety of oral dabigatran etexilate (150mg bid) compared to warfarin (INR 2.0 – 3.0) for the secondary prevention of venous thromboembolism. 2007-2008
- A multicenter clinical trial designed to demonstrate the safety and efficacy of the CVRx Rheos™ Baroreflex Hypertension Therapy™ System in patients with stage 2 hypertension that are resistant to full drug therapy. – CVRx, Inc. 2006-2007
- Phase 3, multi-centre, multi-national, randomized, double-blind, placebo-controlled study to evaluate the efficacy and safety of Alfimeprase in subjects with acute peripheral arterial occlusion (NAPA-3) - Nuvelo. 2006
- BSC Renaissance Trial: A prospective, multi-center, single arm study evaluating the Express™ Renal Premounted Stent System in the treatment of atherosclerotic lesions in the aortorenal ostium – Boston Scientific. 2004-2009
- A Phase II, Multi-center, Randomized, Double-Blind, Placebo-Controlled Trial of VLTS-934 in Subjects with Intermittent Claudication Secondary to Peripheral Arterial Disease – PPD Development, LP. 2003
- A Multi-Center, Randomized, Double-Blind, Parallel Group, Placebo-Controlled Study of Efficacy And Safety Of Immune Modulation Therapy In Improving Walking Distance In Patients With Intermittent Claudication Secondary To Peripheral Arterial Disease PPD Development, LP. 2003
- A Multi Center, Randomized, Open-Label, Two Dose, Comparative, Phase 3 Study to Determine the Safety and Efficacy of MS-325 – Enhanced MRA in Patients with Known or Suspected Pedal Arterial Disease – EPIX Medical, Inc. 2002

- A Double Blind, Placebo Controlled, Parallel Group Study of the Effects of Zoniporide on Perioperative Cardiac Events in High Risk Subjects Undergoing Noncardiac Vascular Surgery – Pfizer. 2002
- A Phase III, Multi-Center Randomized, Double-Blind, Placebo-Controlled Trial of the Ex-Vivo Treatment with CGT003 of Peripheral Vein Grafts in Patients Undergoing Peripheral Arterial Bypass Graft Procedures – Corgentech. 2002-2005
- A Phase II, Double-Blind, Multicenter, Randomized Clinical Trial of Antrin (motexafin lutetium) Injection, and Far-Red Light Activation for the Prevention of Restenosis and Primary Treatment of De Novo Atherosclerotic Lesions in the Femoral and Popliteal Arteries – Pharmacyclics, Inc. 2002
- A Phase II Multicenter, Double-Blind, Placebo-Controlled, Trial of VLTS-589 in Subjects with Intermittent Claudication Secondary to Peripheral Arterial Disease - PPD Development, LP. 2002
- Collagen Vascular Sealant Randomized Trial – Surgical Sealants, Inc. 2000
